

Ask Our People - What Does Innovation Mean to US

Speaker 1:

AIG has always been at the forefront of innovation with regards to solving our client's most difficult insurance and risk management problems.

Speaker 2:

We're discovering new ways to use drones, robotics. Everything that we do, we think about how we can make a process different. We try not to do things just because we've always done it that way.

Speaker 3:

Somebody always goes, "Okay, stop. Let's think outside the box." This is always going to be an environment that encourages innovative and creative thinking.

Speaker 2:

We're encouraged to innovate.

Speaker 4:

It makes working here great.
