

Contaminated Products Protector (CP₂)™ and Contaminated Products Protector Plus (CP₃)™

Contaminated Products Protector (CP₂)™ and Contaminated Products Protector Plus (CP₃)™ offers clients the extensive coverage they need if and when product contamination and recall occurs. In the event contamination or a recall occurs, key expense areas are covered and the expertise of independent consultants is provided for guidance from the critical first few weeks through to the conclusion of a recall.

Why choose AIG?

Market Commitment

- Risk appetite
- Unwavering capacity
- Unique expertise
- Decades of experience

Claims Capabilities

- Dedicated service centre
- Proven specialist network
- 24/7 availability
- Exceptional crisis response

Expert Consultants

- Pre-incident training
- Global reach
- Significant value-add
- Educational resources

CP₂ Coverage Highlights

- CP₂ covers the business interruption costs, recall expenses, rehabilitation expenses, consultant and advisor costs and extortion costs for the following covered events:
 - Accidental Contamination
 - Malicious Product Tampering (MPT)
 - Product Extortion

CP₃ Coverage Highlights

- CP₃ is one of the first to offer the following additional coverage options on a menu basis:
 - Product Refusal: protects against the refusal of an insured product during a scheduled delivery because of a report to the public of it to cause bodily injury and because of bodily injury that has been caused by a similar product
 - Third Party Recall: covers any product recall liability of an insured product when consumption or use of the product will result or has resulted in bodily injury or property damage within 365 days
 - Intentionally Impaired Ingredients: covers the contamination or impairment of an insured product which occurs due to an ingredient supplied to the insured where such contamination or impairment was intentional and wrongful, but not malicious. This coverage option may be available by endorsement to a MPT policy

Contaminated Products Protector (CP₂)™ and Contaminated Products Protector Plus (CP₃)™

Advantages and Benefits

- Coverage certainty through numerous policy clarifications
- Expanded scope of coverage by including fewer policy exclusions
- Developed in response to customer and market need, the combination of CP2 and CP3 provides the most comprehensive coverage in the market today

Strategic Partnership

In order to be certain our clients receive the most up-to-date and reliable security and safety information, AIG has formed a strategic partnership with a prominent consultant firm.

- NSF International (NSF) is a distinguished third party food safety and quality auditing and consulting company that specializes in customized audits of process systems, sanitation, manufacturing best practices and facility biosafety programs. During an accidental contamination, product recall or malicious product tampering situation, NSF can provide clients with food and safety consulting services immediately after a notice of loss.

American International Group, Inc. (AIG) is a leading global insurance organization. Founded in 1919, today AIG member companies provide a wide range of property casualty insurance, life insurance, retirement products, and other financial services to customers in more than 100 countries and jurisdictions. These diverse offerings include products and services that help businesses and individuals protect their assets, manage risks and provide for retirement security. AIG common stock is listed on the New York Stock Exchange and the Tokyo Stock Exchange.
